

A Powerful Season

Climate Resource Guide

I'm sharing the resources that inspired me to write this book and that motivate me in my own journey.

Organizations

These represent national and global organizations. Groups like Third Act and 350.org also have strong local chapters across the country. There are many other local and regional groups as well. It's easy to search online for an organization in your area. Most are looking for volunteers.

350.org (www.350.org) - 350 is a global, people-led movement pushing to end fossil fuels and power up clean, safe, and affordable energy for all.

The Climate Action Network (<https://climatenetwork.org/>) - A global network of more than 1,900 civil society organisations in over 130 countries driving collective and sustainable action to fight the climate crisis and to achieve social justice.

The Environmental Voter Project (www.environmentalvoter.org) - A nonprofit that identifies inactive environmentalists and transforms them into consistent voters to build the power of the environmental movement.

Third Act (www.thirdact.org) - A community of Americans over sixty determined to change the world for the better. Third Act harnesses an unparalleled generational power to safeguard our climate and democracy.

Publications

All We Can Save: Truth, Courage, and Solutions for the Climate Crisis edited by Ayana Elizabeth Johnson and Katherine K. Wilkinson (2020). Nonfiction.
